Community Referral List

The following is a sample community referral list, to be used when the caller is asking for help that does not fall within our primary purpose and our traditions. We offer information in the spirit of cooperation. We can provide a list of numbers rather than any one specific number. We do not recommend one referral over another. We simply provide contact information as a courtesy. (In many parts of the United States and Canada, a community services helpline can be reached by dialing 211. If 211 service is available in your area, it may be the easiest and most complete referral that you can make.)
